

Note: Scrum reports may be for a week or for multiple weeks (“sprint”) based on project deliverable needs. This report *consists of the entire lead-up to our final report & presentation*(since we had no clients to work with - non-Spark - we planned out our Deliverable work ahead of time).

What we did:

Wrap up final report.

Work on presentation slated for the last few classes (preliminary because we haven’t received guidelines on the presentation (length, content, etc)).

What we plan to do:

Submit report.

Present presentation.

Challenges:

Presentations are scary.
