

**Note:** Scrum reports may be for a week or for multiple weeks (“sprint”) based on project deliverable needs. This report *consists of the entire lead-up to Deliverable 3* (since we had no clients to work with - non-Spark - we planned out our Deliverable work ahead of time).

**What we did:**

Created draft for final report.

**What we plan to do:**

Enhance write-up (using a research paper format) for final report. Add additional sections to the final report (Abstract, etc).

Proofreading and editing write-up. Make it pretty.

**Challenges:**

Figuring out what relevant things to include in the write-up.
